## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The Examiner acknowledges Applicant's submission of the amendment after final, filed on 02/23/2004.

2. The allowed claims are 1-25.

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest the recitations of the specific features of the self-regulating flexible heater, of claims 21, 23 and 24, including especially the following:

The primary reason for the allowance of independent claim 24 is the inclusion of the specific features of the fabric construction having a bulk density of about 0.6 g/cm<sup>3</sup> or greater, and a thermal diffusivity of about 0.003 cm<sup>2</sup>/s or greater, claimed in combination with the flexible fabric substrate, the layer of positive temperature coefficient material, and the layer of conductive material.

The primary reason for the allowance of independent claim 23 is the inclusion of the specific features of the multiple buss design providing high and low current settings, and having a common setting buss, a low setting buss and a high setting buss, in which current flows from either the common setting buss to high setting buss or from the common setting buss to low setting buss, claimed in combination with the flexible fabric substrate, the layer of positive temperature coefficient material, and the layer of conductive material.

The primary reason for the allowance of independent claim 21 is the inclusion of the specific features of the overlayer of a laminated or sewn secondary breathable woven or non-woven fabric, being an encapsulating coating applied over the heater, claimed in combination with the flexible fabric substrate, the layer of positive temperature coefficient material, and the layer of conductive material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
